

An evening at singlebarrel

Your night begins at the bottom of the red carpeted stairs...with a glass of punch, and a visit to the Roaring '20s.

At the bar, our knowledgeable bartenders will introduce you to the cocktails of generations past, and help you find a classic cocktail to call your own. Get yourself a second serving of punch and a leather seat, and take a minute to soak in the unique speakeasy atmosphere, while a whiskey bar near the back of the room awaits to introduce you to a fiery new friend to sip and savor.

An evening at singlebarrel is bound to be an unforgettable time...
